RESIDENT PROFILE

Jim Schwenk was born in Kansas City to Clayton and Marjorie Schwenk, who were originally from Nebraska. Jim is the youngest of three boys. Jim's father worked for Procter & Gamble and when Jim was five or six years old, the family moved to Quincy when a new plant was opened there. Jim attended grade school in Hingham and then went on to Thayer Academy in Braintree. He furthered his education at the University of New Hampshire. After his graduation from UNH, Jim joined the Air Force. He served for five years as a pilot of four prop airplanes at a base in Bangor, Maine. As you can see from his photo, Jim wears his Air Force cap with a lot of pride. After the military, Jim attended Vanderbilt University and graduated with a master's degree in European History. He made his way back to Hingham and hooked up with a couple of buddies who were in the boating industry. Jim taught sailing, sold boats, and sailed boats to deliver all up and down the East coast. Jim was also a professional ski instructor. Jim is very involved in the programming here at Compass on the Bay and is always there to lend a helping hand and a quick-witted joke. We are having a great time getting to know Jim!
