RESIDENT PROFILE

We welcome **George J. Pickett** to Standish Village. The oldest of five sons, George was born in Memphis, Tennessee. George jokingly shares, "Being the first born you got experimented on first, and if it didn't work your parents could change what they were doing." George lived most of life in Boston but moved to Kansas City from 1971 to 1987 for academic pursuits in history. His professional life was spent as a Social

Security claims representative for 28 years.

George's hobbies include stamp collecting, reading history, watching old movies (his favorite being *Citizen Kane*), and watching ("way too much") television. His favorite TV show is *Seinfeld*. We at Standish hope to have George showcase some of his stamp collection in the auditorium in the near future. Also, George has left a large collection of books in storage, and we are hopeful that he may consider adding some of these to the Standish Library. In terms of other interests, George's favorite album is *Blonde on Blonde*, singer-songwriter Bob Dylan's seventh studio album recorded in Nashville. Two of his favorite places visited are the National Baseball Hall of Fame and Museum in Cooperstown, New York, and the Rock and Roll Hall of Fame and Museum in downtown Cleveland.

George's father was stationed in the army for four years, two of them in Korea (1966-1968). Of particular interest to George is The Civil War, specifically "how we got into it and got out of it." Two of his heroes are General Grant and General Lee.

Both of George's parents are deceased. He remembers his mother's encouragement to "do the best you can do" and his father's stories about some of the "characters" he encountered while working for the City of Boston.
