### RESIDENT PROFILE

**Mae Lewis** has been a resident at The BayView since 1994. Mae loves to listen to romance novels on tape. She has a very dedicated and supportive family who visits often. She is a very pleasant woman and she always has a smile on her face. She and her roommate are inseparable; they are like two peas in a pod looking after one another! Mae enjoys attending the musical entertainment here at The BayView. She also enjoyed the "Wild Animal Experience" that was offered recently. She was one of the only brave people in the room to touch all of the animals that were presented, including a snake, a chinchilla, and a Madagascar hissing cockroach! (Mae is pictured at this event on page 2). Another fantastic fact about Mae is that we just celebrated her 102<sup>nd</sup> birthday! Mae is a wonderful asset to The BayView community and we love having her here with us!

### SANTA PAYS A VISIT

*Among the residents who were pleased to discover they were on Santa's "nice list" were **Irene Coll** (left) and **Kay Lee** (right)!*

## ASSOCIATE PROFILE

Caregiver **Roy McCoy** has been with us since April. Roy was previously in the banking and finance industry, but decided to enter a Nursing Assistant Certification program after spending time taking care of his mother-in-law. Roy was also previously on the faculty of Curry College and The New England College of Finance, which gave him the honor of being the commencement speaker in 2007. He has been able to apply his teaching and training skills to his role as a shift supervisor here at The BayView.

Roy has been married for 32 years and has three children. His oldest son is 25 and is out on his own; his second son is 20 and attends Brandeis University where he plays soccer, and his daughter is 15 and in high school. Some of Roy's hobbies are cycling and treasure hunting. He uses a metal detector on the beach and he has uncovered diamond rings, watches, and coins! Another of Roy's specialties here at The BayView is the barber's shave he gives to our gentlemen residents, complete with a hot towel and the works. What a treat!

When asked what he likes best about working here, Roy says that he enjoys his co-workers, as they are truly dedicated to the work they do, and he observes that the residents are so appreciative of the assistance that is given to them. We like having Roy on board here too, as his sense of humor is sure to make you crack a smile!
