RESIDENT PROFILE

Meet **Marian Davis Woodruff**, who has lived at Concord Park since April 2008. She loves our Tai Chi and exercise classes, the art of conversation, and her associations with fellow residents.

Before moving to Concord Park, Marian’s busy life consisted of her marriage to her husband, Bliss Woodruff, and raising four children: sons N. Rodhe, William, and Davis, and daughter Charlotte. Marian has traveled extensively; her first trip abroad when she was only a month old! Her dad was the president of Stevens Institute of Technology and her mom was a physician.

Marian was schooled in Switzerland, England, and the U.S. She lived in New Jersey for much of her childhood, attended Brown University, and graduated from Smith College. Marian was an education director, art lecturer, and supervisor of art education for various museums. Later, she settled in Randolph, New Hampshire, where she enjoyed mountain climbing and the magnificent view from her home. Marian served as president of the Randolph Mountain Club, climbing all 46 mountains with peaks of over 4,000 feet. From 1973 to 1976 she served on the state legislature on the Environment and Agriculture Committee. She welcomed the opportunity to travel all over New Hampshire urging towns to protect their open space. Marian is a pioneer who inspires us all!

COMMUNITY WELCOME!

Join us for our
Decadent Valentine Chocolate Buffet!
Friday, February 12th at 2:30 P.M.

Questions about making a tax-deductible gift?

Contact **Nancy Crowley**, executive director of Concord Park at 978-369-4728 or **George Mathieson**, director of development of Volunteers of America, Massachusetts at 617-390-0228.
