RESIDENT PROFILES

Donald Murphy was born in Jamaica Plain on August 12, 1929. He later moved to West Roxbury, and had four children: Donna, Chris, Brian and Stephen. Don also has two granddaughters. Don was a manufacture sales agent, selling different types of products to businesses. He enjoys playing Scrabble and trivia, reading, listening to music, and painting. If you ever visit Don, be sure to look at his beautiful paintings in his room. He is a true artist! Welcome to Standish, Don!

Salt and Pepper are spice finches. They originated from Asia and the Philippines. As soon as Lauren, our social program director, saw these two beautiful birds at a pet store, she knew that Standish Village was the place for them. Salt and Pepper stand at about four inches tall. They eat plenty of bird seed and nibble on their snacks. These two new residents have been such a delight to have, and each day our residents feed and take care of these birds! When you come to Standish Village, you will most likely hear Pepper singing a beautiful tune!
