Thanks to our Weekend Staff!

It seems as though every snowstorm so far this winter has fallen on the weekend! Our devoted staff come to work on time with smiles on their faces and are ready to work. Here, they are enjoying a much-deserved pizza party!

We are very excited to have **Regan Williams** join The BayView team as the new Social Program Director for the residents in the traditional setting of The BayView. Regan comes to us with eight years of experience directing activities in assisted living homes. She considers herself “an old soul” and she truly enjoys socializing and relating to the residents.

Regan says, “As soon as you walk through the door, you feel the warmth of the staff and the residents.”

Regan was born in Germany as her father was in the Air Force. Because of this she moved around a lot and was able to see many places around the U.S. Regan just bought a home and is enjoying the hard work that goes into it. Some of

her hobbies are reading, movies, and the theater.

Something that you might not know about Regan is that as a teenager she attended flight school and flew single engine planes. Maybe we can talk her into taking us on an airborne outing! Regan loves to lead activities that are music-based, she enjoys giving manicures and massages because it gives her a chance to talk to residents on a

one-to-one level, and she is quickly becoming a lover of BLITZ! (a game that the residents have taught her). When asked what she likes about The BayView, Regan replied that she likes the homelike atmosphere.
