Aнна Harrington is the original Dorchester girl. Anna has fond memories of growing up in the neighborhood, ice skating on a frozen ball field at Neponset Park, and rollerskating up and down the street. After graduating from Dorchester High School in 1936, Anna began a long and distinguished career as a secretary and office manager for a variety of businesses.

Anna comes from a close and fun-loving family who were very musical. Anna herself plays the piano, and recalls her dad singing in a local barbershop quartet. Anna's family

is also known for being very long-lived; Anna has

several relatives who have lived well into their nineties. Lucky for us at Standish Village, we will look forward to having Anna with us for a very long time!
