Elizabeth Parasidou is originally from Greece. She moved to the United States when she was 27 years old. Elizabeth didn't speak any English when she arrived but she learned over the years. She worked as an accounts specialist for Boston Financial, lived in Quincy, and had a son and two daughters. Elizabeth loves to garden and has many jars filled with seeds ready to plant in the backyard. She has been scoping out the landscape and picking where she will plant everything! She loves to get fresh air and exercise by walking outside, and she likes to

Elizabeth says she likes The BayView because "it is big enough for me, it's clean, and the food is excellent."

RESIDENT PROFILE

keep a fast pace! Another of Elizabeth's hobbies is reading. We look forward to getting to know Elizabeth more!

Mayfern Hydes is from Honduras and has lived in the United States for 19 years. She has five children: four girls and one boy. She has been married for 26 years and just celebrated her anniversary on Thanksgiving. All of her children live at home and May is looking forward to the day that they are independent and on their own. In her spare time May likes to crochet, and a guilty pleasure is reading romance novels.

May enjoys going to school and she will be going back to finish her associate's degree in the healthcare field or liberal arts. She does extremely well in school and works hard to stay on the Dean's list. When asked what she likes best about working here at The BayView, Mayfern said that she loves the residents and the staff that she gets to work with.

STAFF PROFILE

She enjoys doing all types of activities with the residents but especially likes trivia, dancing and manicures. We love having May on board as she is a hard worker and she is respectful and friendly with everyone. Thank you, May!
