## RESIDENT PROFILES

**Helen Jackson** and **Anne Antanaricz** are sisters who are both residents here at Compass on the Bay! Helen and Anne are two of three children born to Frank and Tekla Antanaricz (Helen is older than Anne by three years). Their parents immigrated to the United States from Poland and their father made fireworks

for a living. The family settled in Hanover, where Helen and Anne stayed through their adulthood. Helen married her high school sweetheart whom she met at a dance. After her husband passed away she decided to move in with her sister Anne, who had decided not to marry. They both worked at Hanover High School in the cafeteria, and loved working with young people even though they had never had children of their own. Helen and Anne both enjoy vacationing at the beach and love that their new home is just across the street from Carson Beach. They also enjoy the variety of programming that is offered here, especially the religious programs as they are both very dedicated to Catholicism and can often be found saying the rosary. Helen and Anne also join in the art class, play cards, dance to the musical entertainment, and enjoy our wonderful food! Often they will ask for another helping, saying, "This is better than home cooking!"
