### NEW RESIDENT PROFILE

It is with great pleasure that Compass at Hopkinton welcomes new resident **Silvia Dominguez**. Silvia comes to us from Chile, with a fascinating history. She was one of only three women to attend law school in a class full of men, a fact of which she is quite proud. She founded a political party in Chile, which led to her being invited to join a panel of representatives to meet Fidel Castro. He invited her to have tea with him; she countered that she would prefer bourbon, and he acquiesced! Her grandmother was a friend of Eva Peron, so Silvia was able to attend tea parties with the Perons. Silvia opened a family daycare while raising four daughters of her own. All of her daughters attended college, and credit their mother and her strength of character as an influence in their success. Silvia and her husband and their family came to the United States with only \$500, and managed to flourish. Silvia loves Frank Sinatra. Silvia’s story is one example of the many rich and wonderful histories that we share here at Compass. It is a privilege to spend our days with all of our unique and vibrant residents.
