### RESIDENT PROFILE

Janet Stolberg grew up in Ohio and Michigan, and moved frequently between those places as well as New York and Connecticut. Janet is the mother of four children, and also worked as a sales representative for IBM. She says she enjoys the finer things in life, listing champagne and oysters as her favorite beverage and food. Janet is always impeccably dressed, and says that she likes to build her outfit around whatever shoes she has chosen that day. She has a quick and ready wit, and is wise and helpful as well. Janet is a valued member of our community!

## ASSOCIATE PROFILE

Please join us in welcoming **Danielle Iagatta**, RN into her nursing role here at Compass at Hopkinton. Danielle is a graduate of the Massachusetts College of Pharmacy and Health Sciences in Boston. She was born in Norton and still resides there. When not working, Danielle enjoys gardening, exercise (currently she enjoys Zumba classes), reading, and such seasonal activities as apple picking in the fall and beachcombing in the summer.

Danielle says she enjoys interacting with everyone and making people smile. She likes the atmosphere at Compass, particularly the fact that residents are engaged in activities all day long, including the parallel programs. She appreciates the method in which the residents are invited to participate, and adds that she learns something new every day. We are happy to have Danielle join our team. She is a welcome addition!

## COMPLIMENTS EXERCISE

 We recently sat in a large circle, and took turns facing each other and offered the person sitting next to us a compliment. The warmth, affection, and kindness was palpable, and by the end many of us were moved almost to tears!
