RESIDENT PROFILE

Pearl is a delightful standard poodle and service dog to resident Lila Moreau. Pearl was born in Texas and is four-and-a-half years old (31-½ in human years!). Although she has had a number of suitors, Pearl has decided to remain at Lila's side. Pearl and Lila have been at Standish for nine months. Pearl has a wide variety of toys and is especially fond of those that squeak. She believes in sharing and often leaves her toys in the elevator and yard for others to enjoy. Her hobbies are carefully analyzing people and making them happy in her own unique way. Pearl works 24/7 but is happy with the pay she receives in both treats and affection. Pearl also enjoys taking The Ride to get groomed and prances with happiness on her return, showing off her new look. Pearl adds pure joy for the residents and associates and we are delighted to have her here as part of our community!

STYLE-MINDED

Lila Moreau poses for the camera looking very stylish!

WELCOME, NEW RESIDENTS!

ASSOCIATE PROFILE

Executive Chef **Anthony Barton** has been part of the Standish Village team for four years. Before coming here, Anthony worked for Aramark for 10 years. He is originally from the Dorchester area, and has also lived in Portland, Maine. Anthony is an only child and has two daughters himself; his older daughter followed in her father's footsteps and became a chef, and his younger daughter attends St. Gregory's Academy. Some of Anthony's favorite pastimes are fishing, watching movies and sports, shopping, and just hanging out with his family. Anthony says that he loves working with our residents! He is an amazing chef and we always look forward to his creations in the kitchen.

Treating the symptoms of Alzheimer's with unique programming is what sets COMPASS apart. We believe individuals with memory loss can continue to learn, enjoy personal relationships, play a role in their own care, and live meaningful lives.

STANDISH VILLAGE AT LOWER MILLS
