RESIDENT PROFILE

William (Bill) O'Connell was born and raised in Quincy along with his younger sister, Marie. Bill got married in Berlin, Germany, in 1951 and moved back to the United States (North Quincy) shortly afterwards. He worked as a water meter reader for the water department in Quincy and also held a part-time evening job at the local post office. Bill enjoys meeting new people and has met many interesting people throughout his lifetime. His favorite hobbies are doing mock radio and TV shows, and entertaining people with his “Vaudevillian” style humor. Bill also enjoys drawing cartoons and takes an occasional continuing education class in art. His other interests include boating, football and softball. He was a commander of the Power Squadron in Hingham’s Bear Cove, and also played as an offensive guard on the football team at North Quincy High School.

ASSOCIATE PROFILE

Dining Room Manager **Theresa Brown** was born in Akron, Ohio and moved to Massachusetts with her family when she was three months old. She is married and has two sons, two granddaughters, and two grandsons. Theresa has been our dining room manager for the last seven years, and is also a cook on the weekends. Before coming to Standish Village, Theresa worked at Central Supply as a technician sterilizing instruments for operating rooms. She also owned and operated a successful daycare in Mattapan. Theresa enjoys watching black & white movies (with popcorn, of course!). She also loves roller skating, reading mystery books, and spoiling her grandchildren. We are fortunate that Theresa followed in her grandmother's footsteps by choosing to work in elder care. She says she very much enjoys the residents here at Standish!
