

## STANDISH VILLAGE AT LOWER MILLS

### UPCOMING EVENTS

#### MONDAY, MAY 2

Resident trip to “Art in Bloom” at the Museum of Fine Arts at 2:00 P.M. This special exhibit will show us how florists translate famous works of art into floral arrangements.

#### THURSDAY, MAY 12

Our Family Night begins at 6:00 P.M.

A Tufts University representative will be here to discuss enrollment for their VIVE study, which will explore nutrition and fitness in seniors. *Please contact Mallory Jenkins for more information.*

#### SUNDAY, MAY 15

First meeting of the Annual Garden Club at 3:00 P.M. At this meeting we will plan out the outdoor gardens and even get our hands dirty with a little spring planting!

**Mildred (Millie) Deitsch** was born on October 14, 1926 in Wakefield. She has seven children—four sons and three daughters. In addition to being a busy mother, Millie worked at a wide variety of places: a carnival as a hula dancer; a car wash; a laundromat; Raytheon, where she made airplane parts during the war, and even for two days at the Baker Chocolate

Factory. She says she would have stayed longer at Baker but she couldn't keep from eating chocolates and couldn't keep up with the belt, much like the famous *I Love Lucy* episode! Millie stays “young at heart” with her love for singing and dancing

and participates in many activities (*see her at left making floral designs with fellow resident Lucille Colton*). She can often be found walking down the street to her favorite local antique shop where she purchases her hats and jewelry.
