RESIDENT PROFILE

Elaine Major is the third of four children, born on August 28, 1954 in Hyde Park. She attended grade school at the former Fairmont School (now a Boston Police Academy) and also attended William Barton Junior High School and Hyde Park High School. Elaine worked for 19 years as a transport services orderly at Brigham and Women’s Hospital in Boston. She loves pets and had two cats named Kit-Kat and Snooky and also had a collie/golden retriever mix named Charlie. Some of the many activities Elaine enjoys are music, dancing, yoga, meditation, jewelry making, poetry, and flower arranging.

As a resident for six years here at Standish Village, Elaine has been an integral part of the community and an honorary assistant to the associates. We appreciate the joy and humor that she brings to each activity. We know that she will continue to contribute many ideas and accolades at the monthly Resident Council meetings, and we look forward to her input! You rock, Elaine!

DEMITRI
Stanley Harackiewicz
visits with *Demitri* the chameleon, our newest resident at Standish Village

WELCOME,
NEW
RESIDENTS!

Alice Sanford

ASSOCIATE PROFILE

Marilyn Connolly is our Resident Care Director of seven years, responsible for 36 staff members. Marilyn was born in Boston and now lives in Quincy with her family. After working at the Bank of Boston, Marilyn took a job at another Senior Living Residence, Compass on the Bay, and traveled often to Standish Village to share her talents. Eventually we were lucky enough to have Marilyn stay permanently

and she has been invaluable in our efforts to keep associates and residents healthy and happy. Marilyn loves to shop, read, and spoil her grandson! She has a wonderful personality and is loved by all at Standish Village.

LIFE IS A CABARET!

Standish Village residents recently attended a cabaret-style dinner theater. The waiters served us meals and then performed a show that included songs from the "American Bandstand" era. Clockwise, from top left: cabaret performers put on a fabulous show; Eileen Duffin and Elaine Major dance along with the music

November is

National Alzheimer's Awareness Month!

Visit our web site,

www.SeniorLivingResidences.com

for "brain healthy" nutrition TIPS & recipes.

Scientists now believe diet can delay the onset or progression of Alzheimer's!

STANDISH VILLAGE AT LOWER MILLS
