Antoinette "Toni" Hunt was born in Morrisville, Vermont. Toni was the oldest child of Laura and Adrien Audet, and she had two sisters and two brothers. Some of her favorite childhood memories include having meat pie on Christmas Eve and she loved her mother's molasses cookies. Toni's family also lived in Hooksett, New Hampshire, and Cambridge, Massachusetts.

She graduated from Our Lady of Pity High School, where she was the Valedictorian of her class.

Toni says likes living at Nashoba Park because of all the little things that people do for her!

Toni met her husband, Willard Hunt, in a bowling league, and they were married in 1956. They were married for 45 years when Willard passed away in 2001. Toni raised her family in Harvard, Massachusetts, in the same house for

over 42 years. She has three daughters, Barbara, Cindy, and Linda; and a son, Richard. Toni also has five grandchildren.

Toni enjoys knitting but her favorite pastime is playing Bingo! She likes living at Nashoba Park because she has such a nice apartment and she appreciates all the little things that people do for her. She is especially

appreciative of the weekly bed linen service, because changing her bed is just too hard for her now. Toni joined the Nashoba Park Community in July, 2008.

Scott says, "The staff and the residents are very welcoming. I look forward to getting up and coming to work every day!"

Nashoba Park welcomes our new Maintenance Director, **Scott Simpson**. Scott was born and raised in Wakefield, Massachusetts, where he lived with his parents, Donny and Pat Simpson, and sisters Keri and Ruthann. After graduating from Wakefield High School, Scott went to the Franklin Institute of Technology in Boston and also served eight years in the U.S. Army Reserves. He was married and has two children, Danielle (16) and Tyler (12). Living on a lake in Groton, Scott enjoys boating, fishing, jet skiing, and swimming. He is an avid, true blue, "definitely not a fair weather" Red Sox and Patriots

fan. Scott has a general contractor's license and has maintained, renovated, and built a variety of residential and commercial properties in his work as a private contractor and project supervisor. You could say he literally knows buildings inside and out!
