Clayton "Clay" Lewis was born in Quincy, Massachusetts. Clay was in the local 103 IBEW Union as an electrician for 38 years. He was married to his lovely wife, Susan, for 44 years, and had three amazing boys: Clayton, Carl, and Eric. He also has two grandchildren, Sean and Shane. When asked about raising all boys, Clay said that it was definitely hectic and crazy at times, but says that they are great boys and he wouldn't

change a thing. In his spare time, Clay can be found in the library searching for some good books, or possibly putting a car or ship model together! Welcome to Standish Village, Clay!

NEW RESIDENT PROFILES

Flora White was born in Laurel, Mississippi. While growing up, she traveled all over the world. Flora had so much compassion and love to give that she became a nursing clinic social worker. She loves working with people, especially children. She has five children of her own (four girls and a boy), as well as many grandchildren! During her spare time, Flora enjoys Bingo and reading books. I bet we will see a lot of her in our Standish library! Welcome to Standish Village, Flora!

New Social Program Director **Lauren Scherer** was born and raised in the Adams Village area of Dorchester, Massachusetts. She started working at Standish Village as the weekend receptionist, as well as the weekend activity assistant. Lauren's previous job was at the Elder Service Plan as the activities coordinator. She had been working there for seven years, and felt as though she needed a change. Since taking over the role as the social program director, Lauren has made it her goal to maintain a very full daily activity schedule, and hopes that every-
