

RESIDENT PROFILE

Ruth Pyne was born in Brockton, Massachusetts, and spent some of her childhood there before moving to South Boston. She graduated from South Boston High School, after which she worked in a bank for a few years and then got married. Ruth was married for 45 years and has five children, four girls and a boy. She decided to be a stay-at-home mom and left her job at the bank. When her youngest child began high school, Ruth decided it was time to go back to work so she became a cashier for a cafeteria in Stop & Shop, where she worked until she retired about 15 years ago. Ruth's hobbies include reading, watching television, music, bingo, and spending time with her family. Ruth is a wonderful lady who is always laughing and smiling. We are happy to have you here with us, Ruth, because your smile is contagious!

THE MAKING OF A JACK-O'- LANTERN

for roasting; right: the finished Jack-o'-Lantern masterpiece!

ASSOCIATE PROFILE

Some of you have seen a new face around The BayView, that of Program Assistant **Paul Rinaldi**. Paul came to us in July to help out when Jennifer was out on maternity leave, and has stayed on to help out while Regan is out on her maternity leave! Paul has been a wonderful addition to our team and plans to stay on after Regan returns.

Paul was born in Wakefield,

Massachusetts, and after several moves, settled in Braintree, where he has lived ever since. He has two older sisters and an older brother. Currently Paul is attending UMASS Boston and is expecting to graduate in December of 2010 with a degree in Gerontology. His interest in this field was sparked in part by his 82-year-old mother, who lives with Paul and his wife as they help her with day-to-day living.

Paul and his wife recently celebrated their 25th anniversary with a Caribbean cruise. They have a 26-year-old son. Paul's hobbies include all sports, yard work, and cooking (his specialty is pork chops with mushroom sauce). When asked what he likes best about working at The BayView, Paul said that he enjoys the day-to-day interactions with residents, getting to know each person's story, and establishing relationships with them. He also said that the staff here have been great and very supportive. We are lucky to have you, Paul, and we thank you for all of your hard work.
