### RESIDENT PROFILE

Meet **Mary Sanderson**, who has been at Concord Park for a little over a year. Mary and her husband, Albert, met while they were both second graders in Wayland, Massachusetts! They were married for almost 59 years, and together they raised four children: David, Linda, Kathy, and Paul. Now Mary has 10 grandchildren too! Mary attended Massachusetts College of Pharmacy at a time when they were only allowing 20% of the students to be female. Albert was an engineer who worked for General Radio. He went back to school to get his Ph.D. from Harvard and then became an inventor. He started the company Inventronics and developed the Sanderson engine. For their first ten years of marriage Mary and Albert lived in New Jersey. They moved back to Massachusetts and settled in Carlisle for almost 50 years. Mary enjoyed knitting, sewing, bowling and vacationing in Chatham on the Cape. She says she likes the people at Concord Park because everyone is very friendly!

### FAMILIES, PLEASE JOIN US!

Kathleen Woerhling, a trained counselor for SHINE (Serving Health Information Needs of Elders) is coming to Concord Park on

**Saturday, December 12 & Saturday, December 19** to assist residents and their families in selecting the appropriate Supplement Plans for 2010.
