**LIFETIME
ACHIEVEMENT
AWARD**

The Morningside Neighborhood at Standish Village recently awarded its first Lifetime Achievement Award to **Jeanne Kramer**. This award is presented to residents to honor their contributions to their families and communities.

Jeanne was born in Boston on November 9, 1934. She lived in Sharon, Massachusetts, for many years with her husband, Jerry, and three daughters, Debbie, Marilyn, and Diane. Jeanne owned a graphics gallery called Into Graffics, where for many years she helped homeowners design and select art for their home décor. Jeanne was also a very accomplished tennis player, and served on the board of directors of her condominium for many years. Jeanne retired to Florida and spent 20 years there before returning to Massachusetts to be near her children. She has a great sense of humor and can remember the words to almost any song!

Jeanne celebrates her award with her daughters and Standish associates.
